The SEPSACS and The PA Tech Awards (the state's award celebration for the technology and innovation industry in Pennsylvania) are very pleased to announce the **PA Innovator's Showcase**. The 2 to 4 PM showcase is designed to permit the visitors an opportunity to meet with the CIOs, CTOs, CEOs, and other IT and technology leaders as well as the Board of Directors, members of the TechQuest Pennsylvania and the general public. With more than 195 PA Tech Award nominee companies, the showcase gives an opportunity to spend 2 hours with the leaders to share their innovations and technology. This is a golden opportunity to learn about the region's leading technologies and their needs for the next generation of work force. It's also an innovation pre-party before the finalists and winners are announced later in the evening at the PA Tech Awards ceremony.
